

## Serving Seniors Bursary Application: 2009/10

The Serving Seniors Alliance was started in 2005 in Halifax. From its early roots as a simple referral group for service providers to the elderly, Serving Seniors has grown in scope and size in response to the increasing demand by seniors and their families for *trusted* service providers. We are now known by families far and wide as a trusted resource for services and education to the seniors of HRM. All Serving Seniors members - our businesses and our community partners - are committed to providing a professional level of service and are available for presentations to your group.

The Serving Seniors Alliance awards two bursaries each year to those who demonstrate special support to our seniors' communities. The bursaries, in the amount of \$250 each, are granted to non-profit organizations, charities, community groups or individuals who provide services directly to seniors. Serving Seniors would like to thank its members, Democracy 250 and the sponsors of our Serving Seniors Social for helping support our senior communities.

\* Name of organization (\* not applicable to individual applicants)

---

\* Charitable number (if applicable) \* Date established

---

\* List of board members (if applicable)

---

---

Name of primary contact and email address
